

Proportion-Air, Inc. Conflict Minerals Statement

Proportion-Air, Inc.
8250 N 600 W
McCordsville, IN 46055

March 14, 2019

Proportion-Air, Inc. supports all efforts to end the human suffering and environmental impact that has been connected to mining in the Democratic Republic of Congo and surrounding region. Proportion-Air, Inc. is committed to meeting all legislative and regulatory requirements, like Section 1502 of the Dodd-Frank Act, that seek to eliminate this suffering. Tracing the origin of minerals can only be accomplished with the cooperation and support of the large number of vendors that supply our materials. Proportion-Air, Inc. continues to work aggressively with its component suppliers to create policies and systems to reduce the risk that minerals in our supply chain come from mines that finance or benefit armed groups in the DRC region. Therefore, Proportion-Air, Inc. directs its suppliers and their suppliers to acquire 3TG minerals, like those listed below, only from responsible sources.

Gold
Columbite-Tantaline (Coltan)
Cassiterite
Wolframite
Tin
Tantalum
Tungsten
